Work Experience

October 2023 - Present
UX Designer - Hamlet

As the UX designer at Hamlet, I am responsible for creating experiences for our social media presence and our website functionality.

April 2022 - Present
Freelance Graphic Designer

This last year, I started working as a full-time freelance designer. The majority of my work is comprised of creating brands, merchandising, and crafting online experiences.

August 2021 - December 2021
Product Design Intern - Narvar

I worked with developers to rebrand Narvar's company website and craft marketing assets for our partners including Nike, Patagonia, etc.

January 2021 - May 2021
Graphic / UX Design Intern - Uhambo8286

I volunteered my time at a non-profit that offers brand design to business owners in South Africa. During my time there, I created a website and design system for the entrepreneur with whom I worked.

August 2019 - December 2019
Graphic Design Intern - CIP Retail

During my internship, I was primarily focused on designing signage for retail companies to further their brand experiences.
